Dear Dr. Schmon and Mr. Bunk:

## Approval of SATAjet 3000 RP/SATAjet RP 3000 Digital Spray Guns

In response to an e-mail dated September 13, 2006, from Suzanne Walters regarding approval of the above subject spray guns, the Shasta County Air Quality Management District offers the following as official approval:

Please be advised that the Shasta County Air Quality Management District will authorize the use of any spray coating equipment that can demonstrate at least 65 percent transfer efficiency under the conditions of its use. The material from the South Coast AQMD that you provided with your letter indicates that your spray gun is capable of meeting this standard. Therefore, the Shasta County Air Quality Management District will authorize the use of the two subject SATAjet guns in Shasta County subject to the same conditions as those mentioned by the South Coast Air Quality Management District in their letter dated August 23, 2006.

Should you have any questions regarding this authorization please feel free to call me at the District at (530) 225-5674 or e-mail me at [rebell@co.shasta.ca.us](mailto:rebell@co.shasta.ca.us).

Sincerely,

Ross Bell  
Air Quality District Manager
